Important Questions	Answers	Why This Matters:
What is the overall deductible?	Network providers : \$2,500 Member / \$5,000 Member + Child(ren) Out-of-network providers : Not Covered Benefit Period: Calendar Year	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible (Embedded).
Are there services covered before you meet your deductible?	Yes. Preventive care services, maternity care office visits, and diagnostic labs and x-rays are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes: For Prescription drugs \$50 Rx deductible per person for Brand Drugs only.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	Network providers : \$6,600 Member / \$13,200 Member + Child(ren) Out-of-network providers : Not Covered	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met (Embedded).
What is not included in the out-of-pocket limit?	Premiums , balance-billing charges, penalties for failure to obtain Preauthorization for services, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. This plan uses the Multiplan PHCS Practitioner and Ancillary Network (Practitioner refers to Physician only). A list of network providers can be found at www.multiplan.com or call 1-877-952-7427.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with provider before you get services. For Facility Based Providers (i.e. Hospitals, Free Standing Radiology): This plan covers all providers at the same benefit level regardless of network .
Do you need a referral to see a specialist?	No	You can see a specialist you choose without a referral

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
